

Seating with Chairs Only  
(Suggested capacity - 153)

Seating with 6' & 8' Table  
(Suggested capacity - 76)

The KD StarTwin 1320 is another example of KD Kanopy's commitment to innovation and design. These large tents owe their strength and appearance to tension between the foot anchors and the telescoping center poles. The StarTwin 1320 stands 21' tall, and 74' long. It will seat approximately 76 people at banquet tables. The StarTwin tents folds down into 5 carry bags, which fit in most standard vehicles. High strength aluminum is used for the StarTwin center poles. The unique design of the StarTwin was invented by KD Kanopy. The 7'6" high arches offer ease in entering the covered area.

## HARDWARE

High strength aluminum pole with built in jack  
Minimal assembly  
Two people set up in 40-60 minutes  
For indoor and outdoor use  
Bag, spikes & stake puller included

## PRINTING

**Screen Print:** We use a UV ink that is cured into the fabric. Durable and long lasting, allowing your logo to stand out!

**Digital:** Full bleed color, digitally printed with UV ink that is guaranteed not to fade and keep your graphics vibrant looking and long lasting.

**Dye Sublimation:** Full color transfer that is ideal for indoor shows and the material is washable.
