

The KD StarTwin 685 is another example of KD Kanopy's commitment to innovation and design. These large tents are a tension fabric structure supported by two center-poles with tension through the center poles. The StarTwin 685 stands 19' tall, and has an overall length of 63' long, and seats approximately 66 people at banquet tables. The StarTwin folds down into 4 carry bags, which fit in most standard vehicles. The poles are made of high strength aluminum and have a diameter of 4". The unique design of the StarTwin was invented by KD Kanopy in 2004. The 7'6" high arches offer ease in entering the covered area.

HARDWARE

High strength aluminum pole with built in jack
Minimal assembly
Two people set up in 40-60 minutes
For indoor and outdoor use
Bag, spikes & stake puller included

PRINTING

Screen Print: We use a UV ink that is cured into the fabric. Durable and long lasting, allowing your logo to stand out!

Digital: Full bleed color, digitally printed with UV ink that is guaranteed not to fade and keep your graphics vibrant looking and long lasting.

Dye Sublimation: Full color transfer that is ideal for indoor shows and the material is washable.

WARRANTY

Lifetime manufacture defect warranty on poles
1-year manufacture defect warranty on tops
