

The XTF frame is another first for KD Kanopy, bringing a heavy duty canopy to the market but keeping the price budget friendly. Using new nylon composite fittings means no binding and an easy glide motion. The pull pin release makes the canopy even easier to setup and tear down. The industrial coil spring on the outside of the center pole guarantees supreme tension in your canopy which helps shed rain fall and gives a more professional, clean look to your canopy. Frame weighs 56 lbs.

HARDWARE

Industrial strength aluminum hexagon leg frame - 40mm
 30 % stronger than other aluminum units
 Zero assembly - no loose parts or ropes.
 Two people set up in 30 seconds
 For indoor and outdoor use
 Nylon fittings with pull pin release
 Heavy duty wheel bag and ground spikes

PRINTING

Screen Print: We use a UV ink that is cured into the fabric. Durable and long lasting, allowing your logo to stand out!

Digital: Full bleed color, digitally printed with UV ink that is guaranteed not to fade and keep your graphics vibrant looking and long lasting.

Dye Sublimation: Full color transfer that is ideal for indoor shows and the material is washable.
